MEET WITH STOCKBROKER REPRESENTATIVES

Living in geographical locations far away from your motherland may instill second thoughts on serving your nation. But did you ever know that the best way to contribute to the development of the motherland could repay you?

Invest Sri Lanka is a series of forums organized by the Securities and Exchange Commission (SEC) of Sri Lanka and the Colombo Stock Exchange (CSE) to promote foreign investment in the Sri Lankan capital market and to showcase investment opportunities in leading Sri Lankan listed companies. The forums were well received in key overseas markets such as the USA, Australia, New Zealand, UAE, India, Switzerland, Hong Kong, Singapore, and Dubai.

The CSE will host an 'Invest Sri Lanka' forum in the UK for the professional Sri Lankan work force in the UK, in collaboration with the SEC, stock brokerage firms, the Sri Lankan High Commission and the Association of Professional Sri Lankans in the UK (APSL).

A Sri Lankan delegation, including the Chairmen of the SEC and the CSE, senior representatives of the SEC, the CSE, stock broking firms, and the Sri Lankan High Commission in the UK are also set to be present at the forum to discuss the prospective of the Sri Lankan capital market.

Sri Lanka remains focused and committed to stabilizing and reorienting the economy and ensuring that our homeland is on the path to meaningful and sustainable progress, despite many hardships and ongoing obstacles.

The CSE is one of the beacons of the Sri Lankan economy that showed an outstanding performance, and it will provide investors access to the equity and debt markets through a range of companies and create more opportunities to grow an investor's wealth. The CSE has been performing exceptionally well compared to the regional markets and marked a record-breaking ASPI on year-to-date value.

It is the best time to invest in the most trusted, efficient, reliable, and growing stock exchange. The CSE will facilitate investors to grow their asset portfolios while being part of your motherland's growth. We look forward to meeting you on 31st March 2022 and discussing the many positive outcomes we expect for Sri Lankan capital markets with your investment.

31st March 2022 at the Sri Lankan High Commission, London
From 6.00 p.m. to 8.45 p.m
